

MOBILE POS SOLUTIONS

Handheld Mobile POS

Improve your giving, take credit cards.

The Mobile X Platform delivers standalone POS portability. Light, easy and cost effective.

Handheld Mobile POS software brings you the power and functionality of a traditional POS system to a handheld device. This gives you and your staff the freedom and versatility of mobility while maintaining the robust nature of a full retail system.

Benefits

- More know-how!
- More security!
- More transactions!
- More reliability!

Extend your reach even further to the online world with our web integrator module.
