

Mobile Retail Platform

“Checkout was very fast and efficient, I used the mobile units to alleviate longer lines, they worked perfectly.”

Mobile Cashier

Mobile Cashier enables you to process sales and accept cash, checks, credit cards and do sales on account on your handheld computer. This Mobile POS combines the power and functionality of a traditional POS system with the versatility of mobility.

Provide outstanding customer service by equipping your team with the tools they need to help your customers. As well as fast and accurate transactions with less time and less customer disconnects.
