

Mobile Retail Platform

“We did our inventory count in half the time with half the number of staff using New West’s Inventory software.”

Mobile Manager

Mobile Manager provides a complete, mobile inventory solution that increases your staff’s productivity.

Provide outstanding customer service by equipping your team with the tools they need to efficiently do their jobs. Increase accuracy and productivity when working with inventory whether that is counting, receiving, transferring or changing the prices. Employee satisfaction is increased by giving your employees the tools they need to do their job better.

Mobile Manager

Mobile Manager works with the Microsoft Dynamics Retail products. It is a mobile inventory extensions suite for Microsoft Dynamics point of sale products. It provides a complete, wireless inventory management system that integrates with Microsoft Dynamics RMS, POS and our Mobile Cashier.

Use the Mobile Manager to:

- Do fast and accurate inventory counts in half the time
- Receive inventory at the loading dock
- Create PO's or Transfers on the sales floor
- Edit Item descriptions while on the sales floor
- Print labels where your inventory is
- Create Gift Registries by walking the floor with your customers
- Designed for Dynamics Retail products

Mobile Manager Components

Gain control of your inventory. Mobile Manager makes it easy by bringing together the following software modules in one convenient package.

- Mobile Physical Inventory Count
- Mobile Purchase Order
- Mobile Label Printing
- Mobile Item Manager
- Mobile Transfers
- Mobile Work Order, Quotes, Layaways, Gift Registry
